

Applicant: _____ Project: _____

River Valleys Continuum of Care (MN-502)

Project Impact Statement (CE)

A. Summary

1. Application type	
2. Target population, if any	
3. Target geography, if any	
4. Two or three sentence description of project	

B. Guidance from people with lived experience of homelessness

Projects should include persons with lived experience of homelessness in the planning and implementation of the grant. For this project, address each of the following questions:

1. Who was consulted in the development of this project? How?
2. What guidance was received and applied to the project plan?
3. How will participants or others with lived experience be involved after the project begins?

C. Leveraged resources & partnerships

Applicants request HUD CoC funds as part of project resources and bring in other critical resources to create a comprehensive housing and services program. If none of a specific type, write “None.”

Type of resource	What service/resource will be provided	Source	Written commitment
1. Healthcare, including mental healthcare			<input type="checkbox"/> Attached <input type="checkbox"/> Will be provided by _____/_____/_____
2. Education or employment services			<input type="checkbox"/> Attached <input type="checkbox"/> Will be provided by _____/_____/_____
3. Other (describe)			<input type="checkbox"/> Attached <input type="checkbox"/> Will be provided by _____/_____/_____

D. Expected results

Help us understand why this project is important to the homeless response system and how we will know if it is successful. What changes we should see for participants and for your community as a result of this project?

Identify at least 2 results in each box on the following page. Results in the Community/System column must address at least 1 of the System Performance Measures shown below. Identify specific numbers whenever possible, e.g. *Year 1: Employment training program created with Agency Z, Year 3: 30% of participants gain income from employment.*

- 1

Decrease

of individuals experiencing homelessness
- 2

Increase

% of individuals who access or remain in permanent housing
- 3

Increase

% who increase income from employment
- 4

Increase

% who increase income from other sources
- 5

Increase

% who obtain non-cash benefits
- 6

Decrease

Length of time homeless
- 7

Decrease

of returns to homelessness

Applicant: _____ Project: _____

	Results for participants in the program	Results for System/ Community
Expected Results after 1 year of operating		
Expected Results after 3 years of operating
