Applicant: _____   Project: _____

Project Impact Statement (HMIS)

A. Summary

1. Application type	
2. Target population, if any	
3. Target geography, if any	
4. Two or three sentence description of project	

B. Guidance from people with lived experience of homelessness

Projects should include persons with lived experience of homelessness in the planning and implementation of the grant. For this project, address each of the following questions:

1. Who was consulted in the development of this project? How?
2. What guidance was received and applied to the project plan?
3. How will participants or others with lived experience be involved after the project begins?

Applicant: _____ Project: _____

C. Leveraged resources & partnerships

Applicants request HUD CoC funds as part of project resources and bring in other critical resources to create a comprehensive housing and services program. If none of a specific type, write "None."

Type of resource	What service/resource will be provided	Source	Written commitment
1. Cash			☐ Attached ☐ Will be provided by ___/___/___
2. In-kind donations of services, space, etc.			☐ Attached ☐ Will be provided by ___/___/___
3. Other (describe)			☐ Attached ☐ Will be provided by ___/___/___

D. Expected results

Help us understand why this project is important to the homeless response system and how we will know if it is successful. What changes we should see for HMIS users? For our homelessness response system?

Identify at least 2 results in each box on the following page. Results in the Community/System column must address System Performance Measures (below) wherever possible. Identify specific numbers whenever possible, e.g. *Year 1: CE Assessor training program created with CoC, Year 3: 75% of assessors receive training on topic X each year.*

1	Decrease	# of individuals experiencing homelessness
2	Increase	% of individuals who access or remain in permanent housing
3	Increase	% who increase income from employment
4	Increase	% who increase income from other sources
5	Increase	% who obtain non-cash benefits
6	Decrease	Length of time homeless
7	Decrease	# of returns to homelessness

Applicant: _____ Project: _____

	Results for HMIS users	Results for response system/ community
Expected Results after 1 year of operating		
Expected Results after 3 years of operating
